

ENDURA™ VENT

Ridge Vent

A High Performance System at an Economical Price

Endura™ Vent is designed for light commercial roof ventilation. It's the best of both worlds: an engineered solution that is quick-to-ship.

Proper ventilation reduces cooling costs in summer, decreases surface temperature of your shingles, reduces moisture in your attic, and can extend the life of your roof.

- ▶ Try our quick-to-ship products and see how Malarkey can help deliver

A NEW DEGREE OF VENTILATION.

High Quality

- ▶ Engineered to individual job requirements, ensuring the products will perfectly fit each roof condition
- ▶ Products such as factory-fabricated end caps provide a cleaner, more aesthetically pleasing appearance
- ▶ Life of the roof is increased by maximizing the effects of increased ventilation
- ▶ Continuous ridge vent with 24 or 36 square inches per lineal foot of NFA

Economical

- ▶ Competitive pricing in comparison to other vent products
- ▶ Lower labor costs due to easy installation
- ▶ Decreased heating and cooling costs for the building

Easy Installation

- ▶ Convenient two-piece assembly means less material handling and quicker installation
- ▶ Shingles can be installed over the product to match the roof
- ▶ Pre-slotted fastening holes ensure proper location and allowance for thermal movement

Materials and Colors

- ▶ Primarily metal construction
- ▶ Accommodates roof pitches ranging from 3/12 to 12/12
- ▶ Fasteners and plywood by others
- ▶ Avail. in Dark or Medium Bronze, Bone White & Slate Gray
