**FEATURES & BENEFITS**

- Made with premium SBS polymer modified asphalt
- Adhesive or torch-applied
- Can be used in flashing assemblies
- Fire retardant

**COMPATIBLE ADHESIVES**

**PRODUCT USE**

630 Paragon<sup>®</sup> ULTRA TG Cap is a fire-rated mineral cap sheet manufactured to meet the needs of a high-performance, built-up, polymer modified roofing system. 630 Paragon<sup>®</sup> ULTRA TG Cap sheet is designed to be torch-applied, but may also be applied using cold process adhesives, hot mopping asphalt, or SEBS mopping asphalt. Heat welding the seams is an option when applying with cold adhesives. 630 Paragon<sup>®</sup> ULTRA TG Cap is used as a surface field sheet or flashing in many Malarkey fire-rated systems. Please consult Malarkey's Technical Services Department for approval of roof systems.

**COMPOSITION & MATERIALS**

630 Paragon<sup>®</sup> ULTRA TG Cap is manufactured on a non-woven fiberglass mat, and impregnated and coated with a high quality, SBS polymer modified asphalt saturant stabilized with fire-retardant compounds. 630 Paragon<sup>®</sup> ULTRA TG Cap is surfaced with ceramic granules for ultraviolet protection and superior weatherability. The topside edge of the sheet has a 4" (102 mm) selvage for lap joint seams.

**APPLICATION/INSTALLATION**

630 Paragon<sup>®</sup> ULTRA TG Cap shall be applied as specified. Roof decks should be sound, dry, smooth, meet necessary local requirements, and provide positive drainage. Do not apply wet membrane sheets. See Malarkey's Specification Manual for specific installation instructions, or contact our Technical Services Department for details.

**STORAGE & HANDLING**

630 Paragon<sup>®</sup> ULTRA TG Cap requires dry storage and protection from the weather prior to, and during, application. Store on end on a flat, dry surface. Make sure not to damage roll edges, as this may make installation difficult.

**WARRANTY**

Malarkey Roofing Products<sup>®</sup> offers various warranties to meet specific requirements. The warranty packages available for systems using 630 Paragon<sup>®</sup> ULTRA TG Cap include 5, 10, 15, 20, 25, and 30-year limited and unlimited coverage. Contact your roofer, local distribution center, or Malarkey for full details. See below for TECHNICAL ASSISTANCE contact information.

630 Paragon<sup>®</sup> ULTRA TG Cap and other Malarkey products are available throughout North America and Pacific Rim countries.
