Upcycles materials
Recycled rubber and plastics are elevated into a higher-quality product, improving shingle strength and longevity.

Each roof diverts the equivalent of 5 rubber tires and 350 plastic milk jugs from the landfill. ²

Reduces air pollution
3M™ Smog-Reducing Granules harness sunlight to photocatalytically convert smog (NO, NO₂) into water-soluble ions (NO₃⁻), actively reducing smog air pollution.

Each roof has the smog-fighting potential of 2 or more trees. ¹

Architectural Shingles
NEX® Modified Asphalt Technology

Vista® AR [algae-resistant] is an architectural shingle engineered with industry-leading, sustainable NEX® Polymer Modified Asphalt Technology (PMA), which combines high-grade asphalt (weathering) with advanced polymers [strength, flexibility] and upcycled materials [durability, sustainability] to rubberize the shingle for exceptional all-weather performance, superior granule embedment, and longer product life.

¹ Each roof has the smog-fighting potential of 2 or more trees.
² Each roof diverts the equivalent of 5 rubber tires and 350 plastic milk jugs from the landfill.
PERFORMANCE ENGINEERED

**All-Weather Performance** – NEX™ Technology rubberizes shingles to better respond to varying and extreme weather.

**Resists Impact** – Synthetic rubber (SBS) polymers add pliability and resilience to resist tears and provide a high level of impact protection (hail). Class 3 impact rating.

**Resists Wind & Rain** – Synthetic adhesive (SEBS), double rain seals, and The Zone®, our patented wider nailing area, seal down shingles and block out wind-driven rain. Wind warranties from 110-130 mph.

**Resists Algae** – Blend of algae-resistant, copper-containing granules help prevent unsightly black streaks. 12-year algae warranty.

**Resists Fire** – Shingles meet highest fire rating (Class A).

‘**Your Choice’ Warranty** – Select our transferable Limited Lifetime Shingle Warranty or one from a competitor – your choice.

ENVIROMENTALLY DESIGNED

**Reduces Smog** – 3M™ Smog-Reducing Granules harness sunlight to reduce smog air pollution.

**Upcycles Materials** – Recycled rubber and plastics are repurposed to enhance shingle durability.

**Lasts Longer** – Superior granule adhesion protects shingles from premature aging caused by solar rays.

**Cleaner Manufacturing** – NEX™ Technology results in much lower emissions than the highly-pollutive oxidation process used to make traditional shingles.

**Less Waste** – Malarkey has earned GreenCircle Certification for Waste Diversion from Landfill at all its facilities.

1 Assumes roof of 30 squares. Source: Lawrence Berkeley National Laboratory and 3M.

2 Assumes roof of 30 squares.

DISCLAIMER: Photographs of shingles may not accurately represent their true color or the variations of color blends that will appear on the roof. Before installation, five or six shingles should be laid out and reviewed for desired color. Colors and specifications subject to change without notice. Shingle colors not available in all regions.

+ For complete Limited Lifetime Warranty and ‘Your Choice’ Warranty details, as well as information on our other warranties (such as Wind and Algae) and the Right Start™ 12-year non-prorated period against manufacturing defects, please reference Malarkey’s Shingle and Accessory Warranty available at www.malarkeyroofing.com/warranty-center.
